

Business Testimonials

Access Sports Medicine and Orthopedics

Regional staple of the health care community

"Our practice was started in Exeter more than 30 years ago with a foundation of providing excellent care and a commitment to the community around us. Exeter has been the perfect site for our growth, development and evolution over the years. Town leaders are committed to the success of businesses in the community, by eliminating many obstacles that can impede growth. The town's commitment to developing a strong public education system has resulted in an active, thriving and engaged community for business development, from which we have benefited greatly."
